www.abouttaylortx.org

Opening Site:

1. Open Web Browser (Internet Explorer, Netscape Navigator, Firefox, etc.)
2. In the Address bar, enter www.abouttaylortx.org.

3. Click your left mouse button. This will open the abouttaylortx.org website.

Navigating Site:

1. Scroll to the bottom of the abouttaylortx.org homepage. At the bottom of the page you will see the **I Need to know about...** section.
2. To open a webpage with information on one of the 13 categories, move your cursor to the topic. When your cursor turns to a hand, click your mouse button. A new webpage will open. The new webpage will have links to websites relating to the topic.
3. Click on a link. This will open a new website in a new window.
4. Click the red "X" at the top of the new window to close the site and return to the list of websites related to the topic you selected.

5. To return to the abouttaylortx.org homepage where you will find the listing of **I Need to know about...** topics, click the Taylor, TX logo at the top of the page.

*Click on the Tutorials links at the bottom of the abouttaylortx.org homepage for a guided tour of what's available on the website, how to navigate the site, how to add the site to your Favorites list and how to make the abouttaylortx.org your homepage.
